Project

Instead of a lecture, a case study:

- What types of trolls are there in the database?

- What types of trolls are there in the database?
- How to tell them apart?

Instead of a lecture, a case study:

- What types of trolls are there in the database?
- How to tell them apart?
- What do trolls do?

Instead of a lecture, a case study:

- What types of trolls are there in the database?
- How to tell them apart?
- What do trolls do?
- What hashtags they used?

P12.1 Import tweeter data. Draw networks illustrating the relationships inside them. [4P]

P12.2 Your task is to prepare an infographics/presentation/report containing the most interesting conclusions from the analysis of the results of task P12.1. [6P]

Thank you for your attention!
